Additional TA support	5	£2451	To close gaps in mathematical understanding.	Improvement in maths attainment based on internal assessment data.
Individual tutoring	All	£5000	To close gaps in identified pupils. This will not be utilised until Spring 2 at the earliest, in order to ascertain the most appropriate pupils and those who have not made progress following Wave 1 and 2 intervention within school. <i>Review of suitable pupils to be made following 2021 lockdown, with move into Summer term for tuition to start. Provider/ individual tutors will depend on COVID situation.</i>	Accelerated progress in maths and English for selected pupils.
Additional iPads (contribution)	All	£2500	To provide hardware for intervention programmes and high quality first teaching within school.	Improvement in maths and English attainment due to increase in hardware to support interventions a) for more pupils b) at more suitable times of the school day.
	Total:	£21, 964		

NB. As with pupil premium, we have made a conscious decision as a school to spend above our budgeted amount to support pupils on their return to school. In some cases, staff have been reallocated from within existing hours, in others there are additional hours and/or staff have adapted their working practices to allow for more teaching within curriculum time. All intervention should also be considered within the existing structure (see provision maps, SEND report, pupil premium strategy).
