- A reminder that important school policies are available via the website. Our Positive Behaviour Policy has been recently updated and includes a handy [one page guide](#) to the Moss Side Way.
- We are seeing a few children forgetting to take home their reading at the end of the day. Please support teaching staff by checking that your child has this as they leave, so that they do not miss the opportunity to read at home. As we know, daily reading makes a huge difference to a pupil's achievement by the end of primary school and beyond - which starts from the moment they begin school!
- Well done to both our dodgeball and girls' football teams who represented school by showing our Moss Side values this week.
