- Mrs Simpkins retires from school today. Since joining us in 1992, she has been a loyal, dedicated member of staff who has been committed to developing the young people in our community. As a school, we will really miss her presence and skill but wish her luck in her next adventures. The longevity of our staff is a unique feature of this school and says much about both them and the whole community that we work in.
- Miss White also finishes her period of covering for absence today. She has been a positive member of our team since starting last year and I hope that she remembers us as she further progresses her teaching career.
- At the time of publication, Year 6 pupils who completed their homework are about to have their reward of McDonalds and Laser Tag. We hope they continue these good routines when they go to their secondary schools next year.
- School closes this Friday, 4th April, at 3.20pm.

Have a lovely Easter, Mr Wright
