- A reminder that school starts 8:45 for most classes and 8:50 for children in Mrs Evans' and Miss Thomas' classes. It is really important that pupils are punctual on a regular basis (we know that things can occasionally come up though so do not worry about uncontrollable events).
- A big thank you to parents who continue to help us develop as a school through talking to us at the beginning and end of the day, or at events such as parents' evenings. We really feel that face-to-face communication is the best way to build strong relationships, which benefit the pupils, and I know our families appreciate. We know that we are not perfect but this community is brilliant at working together.
- Following the sudden summery weather, it is worth pupils applying sun cream before school in the morning. They may also benefit from having a cap in school to wear when outside.
- Looking ahead, please remember that Monday 4th May is a bank holiday and school is closed.

*Have a lovely weekend, Mr Wright*
