KEY COMMUNICATIONS THIS WEEK:

I just want to say first this week that September has been a fantastic start to the school year! It's always a pleasure to see everyone on the school gate each day.

This week's Key Communications:

Local issue: I'd just like to reassure parents who live in the vicinity of school who are experiencing an issue with rodents on the local estate, and who have contacted school to share their concerns. The local authority has responsibility for dealing with this and has assured the school it is doing so. As a school, we have had a local authority expert out to check the school grounds, and he has confirmed there is no evidence of any activity on or near the school perimeter. We will of course remain vigilant and ensure we pass on any concerns to the relevant authority.

Parking: Please can I ask that anyone using a car to drop off and pick up parks mindfully near school, so that local residents can get in and out of their driveways. Double parking is not welcomed by our school neighbours, and it creates danger for children crossing the road, as other road users may not be able to see them. Thank you.

Uniform update: We want our pupils to feel confident and comfortable as they come into school, but please can I remind all families that necklaces, nail varnish, false nails, make-up and false tan, etc., are not part of our dress code. If earrings are worn, it should be one pair of stud earrings, one in each ear.

Toys in school: Following several cases in the UK of Squishies (unregulated imports from overseas) bursting and causing significant skin problems for children — in one case requiring hospital treatment — they will no longer be allowed into school. Fidget toys are also not to be brought into school, unless they are in place for SEND reasons authorised by school. Thank you for your understanding with this.

Finally, a huge thank you to everyone who has supported the Macmillan coffee event!

Have a lovely weekend!
